

MOSAICTEC SJM is a multipurpose profile especially conceived for mosaics. It can also be used for edging, external corners or as a decorative insert. Its short and thin flange grasps the wall covering, creating a clean and level finished surface. A specially-designed multipurpose cubic endcap suits all installation needs.

MOSAICTEC SJM 44 A* Silver Anodized Aluminum

This profile has a silver coating (AS) which offers adequate resistance to use and wear. The polished surface finish of this profile, available in bright polished chrome (KJ**ASB) and gold (KJ**AOB), is highly resistant to oxidation and especially suited for matching polished bathroom accessories in elegant residential detailing.

MOSAICTEC SJC 44 A* Silver Anodized Aluminum

A single, symmetrical element acts as an endcap and resolves all types of internal, external and three-way intersections.
