

border+tec™ BTR

BORDERTEC BTR is an innovative, patented, modular system composed of a perimeter profile for balconies and tiled terraces that interlocks onto TRIMTEC TR profiles. Together they form an integrated profile with a protruding drip edge that matches most outdoor tile thicknesses and finishes on the market. Clip System = tile thickness - 3/32" (2mm).

Assembled

BORDERTEC BTR-AS Silver Anodized Aluminum

This profile has a silver coating suitable for both indoor and outdoor applications with high resistance to weathering. During installation, excess adhesive and grout should be removed immediately to avoid stains.
