

The **LISTEC LI 10** aluminum decorative profile is designed for ceramic tile wall coverings. The unique squared section perfectly aligns with modern rectified tile edges. Due to the 5/16" (8mm) profile thickness and interlocking plastic spacers, the strip profile is adaptable to any tile thickness over 9/32" (7mm). For information on the plastic spacers (LIA) see page 126.

# listec LI 10

### LISTEC LI 10:

1. Elegantly finishes bathroom interiors with a modern, minimalist design.
2. Adapts to all tile sizes and finishes, eliminating the need for special tile elements.
3. The plastic spacers (LIA) adapt the profile to fit 3/8"-15/32" (10-12mm) tile thicknesses.

### LISTEC LI 10-A\* Silver Anodized Aluminum

This aluminum strip profile has a silver coating (AS) which offers adequate resistance to use and wear. The polished surface finish of this profile, available in bright polished chrome (KJ\*\*ASB) and brushed silver (ASS), is suited to minimal and elegant residential detailing.
