

multifix CLG 300

The patented **MULTIFIX CLG 300** curved profile joins same-height floors. It uses special **MULTIFIX** nylon anchors that screw onto the floor base and slide under the profile section. This profile is specifically designed for residential do-it-yourself applications.

MULTIFIX CLG 300 A* Anodized Aluminum

This profile is available in three finishes: silver (AS*), gold (AO*), bronze (AB*). The versatile profile section in three chromatic variations can be used with most floor types.

Mounts with nylon fasteners code CLX 45.

MULTIFIX CLG 300* Wood Laminated Aluminum

The melamine laminated aluminum profile is available in eight different finishes. The smoothly-embossed melamine is resistant to abrasion, easy to clean and blends easily with existing floors.

Mounts with nylon fasteners code CLX 45.

MULTIFIX CLG 300 OL Polished Brass

This classic, solid brass profile offers excellent resistance to mechanical impact. Mounts with nylon fasteners code CLX 45.

Please note: Order one set of nylon fasteners per meter.
