

The 20° slope of the anodized aluminum **RAMPTEC ZRR** profile provides a safe and progressive transition between two different floor levels. The vertical edge has a dovetailed internal cavity that maximizes grout and adhesive grip on load bearing points.

ramp+tec ZRR

(ZRR 100*)

RAMPTEC ZRR-AS Silver Anodized Aluminum

This profile has a silver coating and is suitable for both indoor and outdoor applications with high resistance to weathering.
