

series *RJ - SJM*

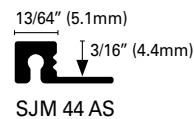

ROUNDJOLLY and **SQUAREJOLLY SJM** profiles are particularly shaped stair nosing for thin tile installations, protecting the delicate edge from mechanical impact. **ROUNDJOLLY** profiles give the step a safe, rounded edge, while the symmetrical **SQUAREJOLLY SJM** profiles give the step a squared finish. Both are recommended for residential and commercial for applications.

RJ 45 IL

SJM 44 AS

ROUNDJOLLY RJ 45 AS Extruded Silver Anodized Aluminum

This profile has a silver coating which ensures adequate resistance and protection to stress and wear.

ROUNDJOLLY RJ 45 I* Stainless Steel AISI 304 DIN 1.4301

Stainless steel ensures high resistance to most diluted chemicals, making this profile ideal in food processing plants, hospitals and laboratories.

MOSAICTEC SJM 44 AS Silver Anodized Aluminum

This profile has a silver coating, suitable for both indoor and outdoor application with high resistance to weathering and lower resistance to mechanical impact. During installation, excess adhesive and grout should be removed immediately to avoid stains.
