

**SANITEC ER** Internal corner cove-shaped profiles are easy to clean and designed to meet hygiene standards in public spaces subject to sanitary inspection, such as hospitals, food processing plants and industrial kitchens. Installed on site prior to the wall and floor coverings, the profile perfectly integrates into the corner detail.

sanitec™ ER

**SANITEC ER Solid Extruded Synthetic Resin**

Internal corner profile to be installed on-site. Extruded as solid synthetic resin, the profile is scratch resistant, tolerant to mechanical impact and most domestic cleaning products.

Endcap (ERF), Internal (ERI), external (ERE) and three-way (ERT) joint pieces are available.
