

trialjolly TJ

TRIALJOLLYTJ profiles elegantly trim half-tiled walls and provide an angled transition to the upper wall surface. The 45° decorative profile aesthetically finishes the otherwise sharp tile edge.

TRIALJOLLYTJ-A* Extruded Anodized Aluminum

This profile has a resistant silver (AS) coating which offers adequate resistance to use and wear; its polished surface finish available bright polished chrome (ASB) is especially suited for matching polished bathroom accessories.

	H = in	mm	Art.		
Material:	3-1/8	80	TJ	80	AS/ASB
Extruded Anodized Aluminum	4	100	TJ	100	AS/ASB
Finish: Silver (AS), Bright polished chrome (ASB)	5	125	TJ	125	AS/ASB
Length: 8'10" (2.70meters)					

TRIALCAPSULETJC and TJT
